

Please do not let my favorite stations be displaced by LPFM. K-LOVE and Air 1 Radio are the only two stations I listen to consistently (every day). They encourage me, help to draw me closer to God and consistently broadcast POSITIVE and FAMILY-FRIENDLY programming. Almost all other stations don't come close to this. K-LOVE and Air 1 provide music and programming for all ages and unites the family together. This would be taken away if LPFM displaced the current FM translator service.

Without stations like K-LOVE and Air 1, there'd be a huge void in good, clean, positive family radio programming for ALL AGES. Do not replace my K-LOVE (91.9 FM) and Air 1 (100.9 FM) stations with LPFMs!
